Comments.

- 25X1X(1) [REDACTED] reported that the troops arrived in Slatina in the fall of 1949. It is possible that the Slatina infantry and artillery units belong to the 5th Inf Div, which is allegedly being activated there.
- (2) The 19th Inf Regt was reported for the first time. It may be assigned to the 5th Inf Div in Slatina.
- (3) The units are reported for the first time.
- (4) The 1st Tank Regt belongs to the 2d Moria, Closca si Crisan (HCC) Mtz Inf Div. The division was stationed in the Timisoara-Arad area prior to the arrival of Soviet troops in the Banat. The identification of the 1st Tank Regt in Targoviste is the first indication that the entire 2d HCC Mtz Inf Div may be located in the area northwest of Bucharest. It was previously assumed that there was a 2d Cav Brig. It is believed that the two cavalry brigades known consist of two cavalry regiments each.
- (5) The 31st Inf Regt, known to be stationed in Targu Jiu since January 1949, is probably assigned to the Craiova 2d Inf Div. 25X1X
- (6) The 2d AAA Regt was identified in Targu Jiu in October 1949. 25X1X
- 25X1X [REDACTED] mentioning the regiment as being in Bucharest-Otopeni in December 1949, was presumably unfounded.
- (7) Dadilov is the artillery training center of the Rumanian Army.
- 25X1X (8) [REDACTED] mentioned the 8th Border Guard Regt in the Jassy area and the 9th Border Guard Regt in the Turnu Severin area.
